

Colouring Clayton 2017

In 2017 to beautify the community the Clayton Bay Community Association obtained a grant from the Alexandrina Council to "Colour Clayton". Under the guidance of local artist Annabelle Collett, the toilet block at Old Clayton was painted with a floral mural, the stobie poles around the town were mosaicked or painted, pavers were made for outside the Community Hall, and a mosaic bench erected between the road and the fore-shore shelter shed. All the designs and work was carried out by members of the local community.
