2019  
\$2.50

Milang to Goolwa race on 27 January. Clayton Bay Boat Club had 18 entrants in the race. See page 9 for more.

## New Community Pizza Oven

It went from this:

to this:

Join us in tasting the treats baked in the new Community Pizza Oven at the Community Hall on Saturday April 20 4pm—8pm

Carols at Clayton Bay

Nash Timmerman on the Caltrop warpath

## President's Corner

*Are you a person who gets inspired to do something and just does it? Or are you a bit more like me and has lots of good ideas but can then procrastinate...*

*Sometimes by not doing something when I think of it has little or no consequence, but recently I have experienced that by not acting when I had an impulse to, has led me to have regrets.*

*I had been thinking about contacting a friend from the past, we were very close when I was a teenager but our lives had gone in different directions. I had not seen this friend for several decades, yet still I thought 'one day' I will catch up with them. That one day will never happen in the way I had planned, because that friend now has advanced dementia.*

*A second time a relative who I had fond memories of playing with as a child recently died without me making contact as I had wanted to.*

*Life is precious and it is connection with people that can bring us joy, satisfaction and belonging. I have learnt the hard way not to leave it too late.*

*Ruth Ambrose*

---

## Frogs in the spotlight

Clayton Bay's very own contribution to assisting the recovery of the Southern Bell Frog is making progress.

The incubation shed has been erected in the CBNEG grounds beside the Community Hall, with the concrete floor being completed as well.

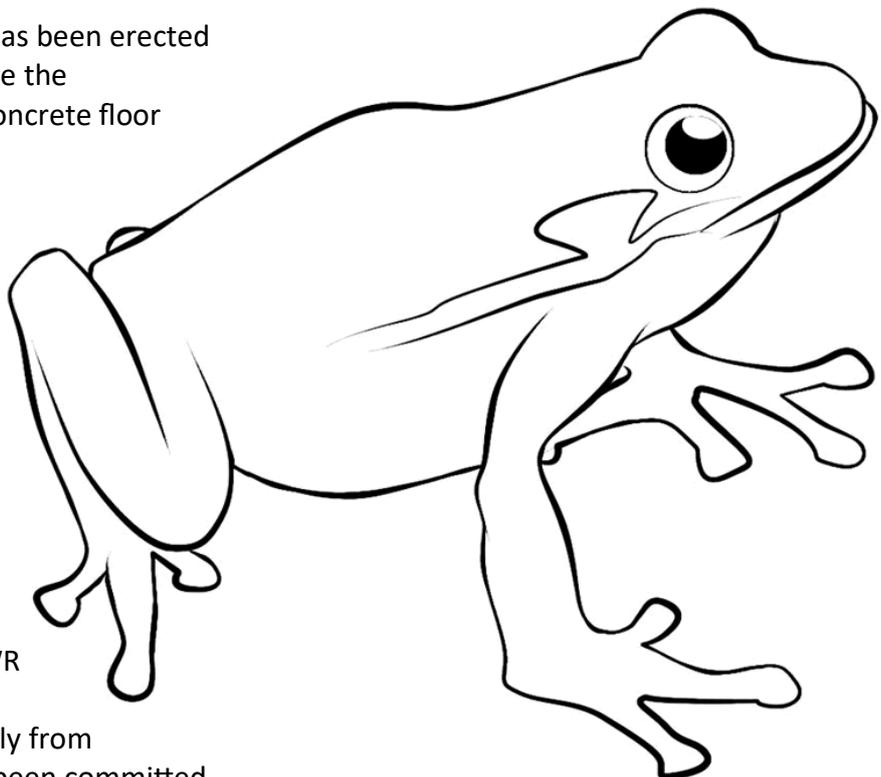

Thanks to Con for his timely and patient work.

We are awaiting a decision on the management of the project which should be soon.

Peter Mirtschin has been to Melbourne Zoo to study their Baw Baw frog and Corroboree frog breeding facilities.

A meeting with DENWR has been conducted.

So far \$110,000 (mostly from community donations) has been committed to the project.

*Colour me!*

# Clayton Bay Community Association at work for our Community

## Fitness

The Friday Fitness walk continues to attract a regular number of participants of varying levels of fitness all enjoying a catch up over coffee at Sails after the walk.

Interested people meet at the hall at 9.30am each Friday.

## Local Councillor available

Karyn Bradford was recently elected to the Angas Bremer Ward in which Clayton Bay is located. Some of you will know her as the former Executive Officer of Milang and Community District Association.

She will make herself available to residents for Council Business and JP services at the Clayton Bay Community Hall from 10 - 12 on the first Tuesday of each month. Come down to the hall and have a chat.

## New Flags

On Sunday 20 January Federal Member for Mayo, Rebekah Sharkie visited Clayton Bay and was invited to share lunch with the CBCA committee members and wider community.

During her visit she presented an Australian Flag, an Aboriginal flag and a Torres Strait Islander Flag to the CBCA for their use during events. All were used during the Australia Day Breakfast held at the Clayton Bay Boat Club the following week.

## Welcome to newbies

The committee would like to shout out a big hello to those who have newly moved to Clayton Bay and new members of CBCA. We look forward to seeing you at our events and activities.

## Australia Day Breakfast

Another very successful Australia Day Breakfast was held at the Clayton Bay Boat Club on 26 January.

200 people attended and a profit of over \$2,100 was made, including \$839.50 from the raffle alone.

These funds will be presented to the CFS in the near future to continue supporting the important work that they do in keeping our community safe.

Thank you to all those who made donations to the raffle— more prizes than ever and more for children which is what made the raffle so successful. Thank you too, to the Clayton Bay Boat Club in providing the venue for this popular and successful event.

See the inside back cover for pics.

## Clayton Bay Community Association at work for our Community

### Find out how to reduce and recycle your waste

10am, Saturday 30 March  
Clayton Bay Community Hall

Speaker: Joanne McPhee, Education and Projects, Fleurieu Regional Waste Authority

Find out about:

- Food waste in Australia - the statistics, what causes it and what can be done about it.
- What goes in the recycling or green organics bin.
- Where does our waste go - statistics and what happens to it.
- Tricky waste - what can be recycled in kerbside bins and what needs to go at a FRWA Waste and Recycling Depot. (Bring along item/s you find tricky and find out where it should go.)
- FOGO - Food Organics and Green Organics and how you can divert more waste away from landfill.

#### IF IT GROWS IN IT GOES!

#### All food scraps including

- fat, meat and bone
- bread and baked goods
- dairy and cheese
- leafy greens
- plate scrapings

are **GOOD to GO** in the green organic bin – lightly wrapped in newspaper or in a compostable bag (must be **compostable** – made of corn starch)

(Stories and goings on from Clayton Bay)

## Milang - Goolwa race results

On 27 January the Goolwa Regatta Yacht Club held the annual Milang—Goolwa Freshwater Classic.

Clayton Bay Boat Club (CBBC) had 18 entrants in the race... a great achievement, and given the conditions, fantastic they all finished the race... quite a few didn't.

There were some great results. Well done all!

## Yoga makes you feel great

Tuesdays at 5.30pm at the Milang Community Centre  
(approx. 1 hour) Gold coin donation

Anyone interested in joining the Yoga group will be made to feel welcome. No experience necessary – you will exercise gently at your own pace and speed.

We have several DVDs which we put up on the big screen in the Ace Space. Most of them last around 1 hour. This includes a relaxation/meditation to finish off with. The exercises are mainly gentle... you do what you can to begin with and gradually become more flexible over time. All the muscles in your whole body will be gently stretched and strengthened.

The room is air conditioned and we turn off the lights, so it is just you and the big screen.

Wear something comfortable and bring a yoga-mat (or towel) and a strap ( or old tie ) and maybe a small cushion.

You will feel more relaxed, you will sleep better, and your body will feel good.

Why not turn up at 5.25pm and give it a go!

Age does not matter... our oldest participant at present is 75.

Size and shape do not matter.

We would love you to come.

## Watch out for Caltrop!

You might have wondered why there have been signs up saying 'Do not drive on the reserve'. Well it's all about a horrible weed called Caltrop (*Tribulus terrestris*) whose spiked seed case can injure feet and puncture tyres.

Caltrop germinates in summer and needs the lightest of rain to germinate. Once again it has been a summer weed problem/priority around the Clayton Bay foreshore trail because of its ability to spread via nasty little sharp prickles as well as thriving in hot summer weather. This is the main reason why driving on the foreshore reserve is discouraged.

Volunteers and walkers have pulled out a huge amount this summer. It is quite likely to be in many backyards and properties in the district. We have it nearly controlled on the foreshore and hope to keep on with control. We encourage members of the community to control it in their properties.

Check your tyres and shoes, especially rubber things for seeds and bin the seeds. They are nasty and easily spread.

The modern name "*caltrop*" is derived from the Latin *calcitrata* (foot-trap), such as in the French usage *chasse-trape*. The synonymous Latin word *tribulus* provides part of the modern Latin name of a plant commonly called the **caltrop**, *Tribulus terrestris*, <https://en.wikipedia.org/wiki/Caltrop>

One ingenious way of removing the prickles is to get old thongs and walk around in the patches. When the soles are full of prickles, throw the thongs away.

## Foreshore Planting 2019

CBNEG were successful with a National Landcare Grant to grow and plant 10,000 plants around the foreshore trail at Clayton Bay.

Alexandrina Council, as the landholder, has approved the proposed planting which continues to follow the Clayton Bay Foreshore Management Plan.

The majority of the plants will be groundcovers to continue with the weed suppression strategy as well as to not interfere with residents views of the waters.

Planting is scheduled for June/July/August, and will be done by community groups. (See Expressions of Interest)

## Expressions of Interest – community groups

CBNEG are offering community groups an opportunity for fundraising.

We are asking groups to undertake planting (generally 1000 plants / group), with payment of \$1 per plant including guarding.

You can make the planting day a group effort as there are lots of jobs to do on the day(s) and even beforehand. Some groups have chosen to assemble the guards & stakes beforehand, saving a lot of time and energy on the planting days.

It is sometimes hard work, but the community effort and the outcome are well worth the effort. Please contact CBNEG Secretary via [claytonbayneg@gmail.com](mailto:claytonbayneg@gmail.com) or phone the Nursery Manager on 0418 838 003

## Volunteers needed for planting

CBNEG will be planting 2000 plants around the foreshore this winter (dates not yet decided).

We will need lot of help with laying out plants, hole digging, planting, guard/stake assembly, planting, staking, hammering in stakes, and other support jobs including lunch and morning tea.

If you are interesting in helping in any way, please contact:

Nursery Manager [claytonbayneg@gmail.com](mailto:claytonbayneg@gmail.com) or phone 0418 838 003

## CLAYTON BAY IS WINNING THE WAR (against Caltrop)

Five year old Clayton Bay local, Nash Timmermans, has been spending time this summer pulling out Caltrop from around the Foreshore Trail at Clayton Bay.

Together with other volunteers, Nash is doing his best to ensure that the town is Caltrop free. He has become somewhat of an expert on the weed, and has alerted landholders/householders elsewhere when he has noticed it on their properties, and been able to educate them on control and avoiding further spread.

“Caltrop is bad because it drops lots of seeds that are spikey and it’s really nasty. Its gets bigger and bigger every single day and most days it does get big,” said Nash.

**Here are his tips on winning the war:**

**Pull it out**

**Bag it up**

**Compost (hot) or bin it**

**Remove the seeds from the site if possible.**

See inside front cover for Nash on the Caltrop war path.

Nestled on the shores of a picturesque bay, surrounded by trees and abundant birdlife, Clayton Bay Riverside Holiday Park is a tranquil, relaxing tourist destination.

**Accommodation options**

- ◆ Powered sites
- ◆ Unpowered sites
- ◆ Retro onsite vans
- ◆ Luxury Boatman's Cabin

## Summer is a wonderful time of year

But we have missed out on summer rains. Even as we look toward autumn you can't help but notice how dry our land is. With a continuing hot weather forecast it is important to keep your properties clear and remove long grasses, deadwood and other combustible matter from around your property. Be mindful of the best time to slash or mow around your property and be careful of sparks created by machinery. Grass fires travel very quickly and dry windy conditions result in unpredictable fire behaviour.

So far this fire season, Clayton CFS has been involved in containing and extinguishing a grass fire at Finnis and also a grass fire at Milang where along with many other brigades and air support a fire heading toward the lake side shacks was contained. In February, our brigade also attended a grass fire at Mount Compass. Apart from attending fires, on days of extreme weather or Total Fire ban in Mount Lofty and Murraylands regions, Clayton Brigade is also required to have a crew on standby and ready to respond if needed.

This summer Clayton brigade has welcomed three new members to our team. Like all volunteer

organisations, Clayton CFS is dependent on local community members to give some of their time to help make our community a safer place to live in.

Volunteering is very rewarding and you get to enjoy the support from the rest of your community for your efforts. It's not too late if you have been thinking about joining. If you would like to know more about what is involved or would like to come and see what we do, then come along to the CFS on the 1st or 3rd Tuesday of the month at 7:30pm and watch our team at training.

If you would like to know more about becoming a member of Clayton CFS, then give Lynne Dickson a call on 0447 767 980 and have a chat.

A big thankyou to the Clayton Bay Community Association for once again organising the Australia Day Breakfast in support of Clayton CFS. Also, thank you to Clayton Bay Boat Club for hosting this great annual event. With the support of our local community through fundraising events, our CFS is able to fund training activities for crew and purchase vital equipment not funded elsewhere. THANK YOU.

Lynne Dickson, Clayton CFS.

## Snakes and Us

### Understanding and appreciating snakes in our world.

Cleland Wildlife Park is excited to host snake experts Peter Mirtschin and Dr Scott Weinstein, authors of *Australia's Dangerous Snakes*, along with snake handler Alex Carr for a day of insight and information about the snakes that live among us.

Join us and explore:

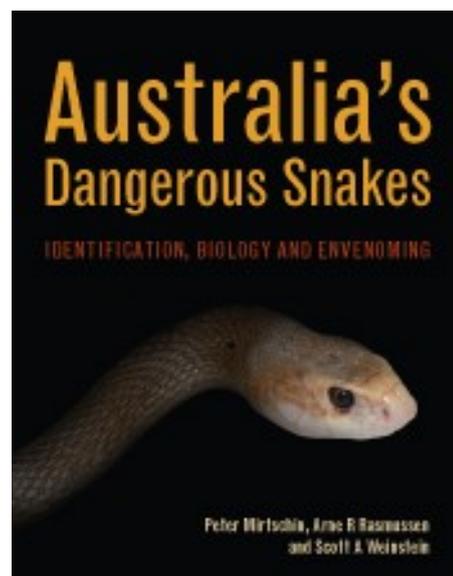

- Snakes in SA
- Snakes and their venom
- Conservation of snakes
- Snake bite first aid
- Snake feeding

**When:** Saturday March 2 (10am – 5pm)

Tickets free with [park entry](#). Bookings essential, places limited.

**Purchase tickets at:** [ticketebo.com.au/clelandwildlifeparksnakesandus](http://ticketebo.com.au/clelandwildlifeparksnakesandus)

*Australia's Dangerous Snakes*, co-written by Snakes and Us hosts Peter Mirtschin and Dr Scott Weinstein, will be available from the Cleland Gift Shop.

## Membership Lucky Draw

Next draw \$150

At the FRWA waste presentation at 10am,  
30 March 2019  
**BE THERE TO WIN!**

### South Australian Wooden Boat Festival

It's just eight weeks away!

The 16th biennial festival will be held on 27 and 28 April 2019 in the Goolwa Wharf Precinct.

The festival is a mix of on-and-off water activities, local food and wine and stunning wooden boats.

If you are interested in helping make this event a success consider becoming a volunteer. For more information contact Alexandrina's Council Support Officer on 8555 7000.

Remember to mark these dates on you calendar!

### Chronicle Deadline

Have you got a story to tell about living in Clayton Bay or something to share with other Claytonians?

Next issue is due out in Autumn 2019

All articles for this edition need to be in by the end of April.

These can be emailed to

[rargue@optusnet.com.au](mailto:rargue@optusnet.com.au)

or passed onto one of the CBCA committee members.

***New Advertisers welcome.***

## Community Art Day Drawing on Country

This annual and much loved community art day is being run again in Alexandrina in 2019.

Join our artist facilitators at Strathalbyn, Goolwa, Raukkan and Clayton Bay.

Bring your art materials, whether it be paints, pencil, camera, iPhone, pastels and whatever else you like to make art with!

**Where** Strathalbyn, Goolwa, Clayton Bay and Raukkan

**When** Saturday 6 April

**Duration** 10am-4pm

**Age** All ages, children under 13 must be accompanied by an adult

**Enquiries** and to register your interest email [jaw@alexandrina.sa.gov.au](mailto:jaw@alexandrina.sa.gov.au)

**Cost** Free

**Things to know** Bring a picnic lunch to share

Artworks created on this day are exhibited at the South Coast Regional Art Centre housed within the historic Goolwa Police Station from Thursday 5 September to Sunday 6 October 2019.

See one of our own in **Just Add Water.**

**Letho Kostoglou** is a classical pianist and is performing with soprano Ana Marina in "A Musical Soiree - At The Wharf" on Friday 10 May at 7pm. See pg 34 of the JAW booklet.

# SALA 2019

## Invitation to all local artists

The month of August heralds the annual SALA or South Australian Living Artists Festival, which has been running since 1998.

Clayton Bay has a long tradition of local artists mounting exhibitions as part of this statewide festival. Following the success of the last two year's events, the Community Association will host an exhibition again this year. Entitled, 'The Magic of Clayton Bay', it reflects the fact that there is a tradition of this community attracting established artists and nurturing emerging ones.

Our exhibition will be held in the Community Hall over the last three weekends of August: 17-18, 24-25 and 31, from 10am-4pm.

There will be artworks from across a broad range of media, including photography, painting, metalworks, mosaics, fabrics, wooden ware, ceramics, glassworks and ingenious re-imaginings of found objects.

Several exhibitors will be running demonstrations of their techniques over the weekends, with an opportunity for visitors to try their hand at some for themselves.

We are keen to involve anyone from the community who produces works of art in any medium to be involved.

If you want to include pieces in the exhibition, please contact Marg Mundy by email at [philmarg4@bigpond.com](mailto:philmarg4@bigpond.com).

Refreshments will be available across the three weekends, with all proceeds from the event cycled back into community projects.

Put these dates in your diary. This will be a great opportunity to celebrate another slice of the heaven that is Clayton Bay.

I look forward to hearing from anyone who would like to be included.

Marg

# Birds in our area

For this edition I thought I would make a note of birds regularly spotted while going for a walk along the walking trail. I started taking notice two months ago and realised there is not the usual variety and number of birds about this year, and two months later there are even less.

## **Where have all the water birds gone?**

You will see a few Purple Swamp Hens scurrying back to the reeds when disturbed and maybe a lone Black or Pied Cormorant diving for a feed or roosting on a jetty or dead tree. I did spot the tall, sleek, grey White-faced Heron at the water's edge one morning, and the white Great Egret on another occasion. There is usually a lone Whiskered Tern with the grey tummy hawkling above the reeds. You may also see the bigger Crested Tern on the wing overhead.

I have noticed some larger groups of pelicans flying overhead in V formation and there is usually a few roosting at "Duck's Hospital".

Early morning walkers may disturb groups of ground feeding birds like Red-rumped Parrots and Crested Pigeons.

But, from my observations, there is an absence of coots, ducks and grebes and birds of prey like Swamp Harriers, Whistling Kites, Kestrels and Black-shouldered Kites make a rare appearance.

## **Surprises are worth the wait...**

I had a lovely surprise early this morning, Thursday Jan 24th, when four small yellow Elegant Parrots flittered away while I was walking around The Point/Boating Destination area. They are usually spotted from now until April/May.

The best is usually kept until last. Further along on my walk I was thrilled to see two Latham's Snipe on the shore of the swimming area near the picnic shelter. They are migratory waders that nest in Japan and are in Australia from late September until April.

They are very elusive birds usually spotted at dawn or dusk as they stay in dense cover during the day. The Milang Snipe Sanctuary was established to ensure wetlands habitat is retained for these migratory summer visitors. 'Mozzie' Jan 2019

Latham's Snipe By Mdekool - Own work, CC BY-SA 3.0, <https://commons.wikimedia.org/w/index.php?curid=9775658>

## Recycling in Alexandrina

Sometimes it seems a bit confusing about what can and cannot go into the recycling bin. And to make matters worse it varies from council to council, and as recycling depots are upgraded rules change too.

So here are a few tips which come from the Alexandrina website to help you recycle right:

- **hard plastic** – rigid items LIKE **berry containers, cream, yoghurt, margarine containers (clean) and lids**, and even **inside of biscuit packs** -go in the **RECYCLE BIN** (yellow lid)
- **soft plastic** – plastic which scrunches up easily in your hand – LIKE **cling film, shopping bags, outside of biscuit packs, dog biscuit packs, rice packets, net fruit bags** – go in the **GENERAL WASTE BIN** (blue lid)
- **pizza boxes** – clean can go in the **RECYCLE** bin – if food residue remains they can go in the **GREEN ORGANICS BIN** (light green lid) and **GO BAGLESS** in the **RECYCLE BIN** – **do not bag your recycling**.

## **Do you know when which bin is collected?**

This information is available on printed calendars that are issued each financial year and available from late June.

A searchable online calendar is available on the website:

[www.fleurieuregionalwasteauthority.com.au](http://www.fleurieuregionalwasteauthority.com.au)

## Recycling bottles and cans close to home

Did you know that you can recycle 10c deposit cans and bottles in Clayton Bay and assist the CBCA?

You can drop off bottles and cans behind the hall on Alexandrina Drive or drop them into the trailer near the Shelter Shed by the river.

This funds raised are split 50--50 between the Clayton CFS and the CBCA's programs.

## Another Carp recipe!

### Carp fillet with spicy topping

Thanks to Rohini Dwyer of Condobolin

Preparation Time 25 minutes    Cooking Time 15 minutes    Serves 8

- 2 tbsp olive oil
  - 8 pieces carp, fillets bones removed, skin on
  - 280g green olives drained seeded and halved
  - 4 cloves garlic sliced
  - ¼ cup baby capers drained
  - ½ cup white wine
  - 1 stalk lemongrass chopped
  - 2 tbsp white wine vinegar
  - 30g butter diced
  - 2 tbsp chopped parsley
3. Cook fish fillets on a preheated barbecue plate, skin side down for 5-6 mins, turn and cook for a further 3 mins.
  4. Cook olives, garlic, capers and lemongrass on hot plate stirring for 2-3 mins until garlic is golden.
  5. Heat wine and vinegar in a small pan on high until boiling, boil for 5 minutes or until reduced by half. Reduce heat to medium.
  6. Add butter one piece at a time whisking constantly until all butter is incorporated and sauce is glossy.
  7. Remove from heat.
  8. Stir through parsley.
  9. Top fish pieces with olive mixture, spoon sauce over fish pieces to serve.
- Method
1. Rub half the oil into the fish pieces and season well.
  2. Mix together olives, garlic, capers, lemon grass and remaining oil.

## Clayton Bay Foreshore Masterplan

The Clayton Bay Community Association recently made enquiries to Alexandrina Council about progress on the implementation of the Clayton Bay Foreshore Masterplan.

The Masterplan was created in 2015 in consultation with the community. You can find a pdf version at [www.alexandrina.sa.gov.au](http://www.alexandrina.sa.gov.au) if you search for 'Clayton Bay Foreshore Plan'.

The plan's objectives 'aim to balance demands for recreation and nature, beauty and function, heritage and progress; creating a foreshore that continues to attract people while protecting and enhancing the natural and cultural landscapes of the area.'

Shen Mann from Alexandrina Council who had been involved in its development, recently gave the following feedback to the CBCA committee.

A number of projects from the masterplan have already been completed including:

- upgrade of The Point
- upgrade of the public toilets at Old Clayton
- installation of an interpretive signage trail
- landscaping to prevent vehicle access to the clifftop areas.

Council undertook public consultation on the possibility of a 4-knot speed limit in Dunns Lagoon and Council has written to the State Government requesting that they impose these speed restrictions.

A number of further projects from the Masterplan are currently being managed by Council including

- the swimming area and oval foreshore (reed clearance, new oval car park and access road etc) as well as sealing of the boat ramp carpark. The Development Approval process for the reed removal has taken longer than

expected and the final steps are being made to obtain EPA approval. Once approval is received, that project will go out to tender. The new oval car park and access road is expected to be constructed in Feb/ March 2019 and sealing of the boat ramp carpark is currently in the design phase with a possible start date in the 2019-20 financial year.

Current timing of other Clayton Bay Masterplan projects in Council's Long Term Financial Plan is as follows:

Gloria Jones Reserve	2019/20
Town Entrance	2020/21
Clifftop Lookouts	2020/21 to 21/22
Bird Hides	2021/22
Playspace & Shelter Upgrade	2021/22 to 22/23
Boat Ramp	24/25

The Long Term Financial Plan is subject to Annual Budget processes as well as review of Council's overall priorities, particularly by a newly elected chamber and the timings indicated above are therefore subject to change.

# MILANG OLD SCHOOL HOUSE COMMUNITY CENTRE

Milang Old School House Community Centre provides a range of activities and services for the community. Drop in today and find out what's on, or visit [www.moshcc.com.au](http://www.moshcc.com.au)

Adult Community Education - Emergency Relief (by appointment)  
- Internet access - Print, Photocopying & fax

**Friday Feast:** Lunch & Dessert for \$7 every Friday

## Crèche

9 :30—12:30 Mon and Wed, during school term. Come and try something new while childcare is available. With limited places, bookings are essential - Call MOSHCC 08 8537 0687 Donations Gratefully Accepted

**GLC** Struggle with the cost of living? Life getting too much? Family Issues? Want to connect with others in social activities, or just want a chat? The Growing Life Connections Program provides support to families and individuals who are dealing with issues impacting their lives. Call Colleen 08 8537 0687

**Milang & District Community Care** provides low level support in the home for those who need a small amount of assistance to remain independent.

Services like domestic assistance, gutter cleaning, social support in the home, supported shopping are just a few of the Commonwealth Government funded activities that we provide.

Lakes Home Care provide higher levels of support in the home to ensure that as your needs increase you can remain supported within your community. Services that you may access could be personal care support like shower assistance, assistance with preparing meals, cleaning, laundry, modifications like grab rails, clinical care - physio and podiatry, to name a few.
